ABOUT US

Rotar washlines were established in 1971. In 1992 when Frik and Nelie Nel took over, Rotar started a new era as a family ran company.

At the time only rotating wash lines was manufactured. In 1993 our wonder product namely WALL BRACKET was born.

Today we are manufactures, suppliers and installers of all types of washlines.

We provide a personal service and professional touch to each client in becoming part of the family.

We are proudly South African.
We do installations JHB,PTA and Vereeniging areas but can courier it to anywhere in SA. We also currently export to the UAE and England.

Just hang it.
